CHAPTER 4: INDUSTRIAL ATTACHMENT

Student industrial Attachment Program is a "work-based experience program" providing a real-life organizational context for students to develop specific or generic skills or generic skills, valuable to their professional development. Students can apply and enhance their skills in reality, contribute to the organization, and at the same time, obtain invaluable guidance from their mentors.

PART A (To be filled by student)

1. **Name of student**..Devyani Ramola.....
2. **Id. No**...59819.....
3. **Name of company/organization**

   ...Clover Organic Pvt. Ltd.....
4. **Address**....102/158/159, Curzon Rd., Dalanwala, Dehradun.

   .....Uttarakhand 248001, India.....

   .....
5. **E-mail**....research@clover.organic.com.....
6. **Location**...Dehradun.....
7. **Tel. No.** ...7897080132.....
8. **Date of starting** ..1o-Sep-2026.....
9. **Nature of work** .Microbial biofertilizer, biopesticide & biostimulant (R&D)
10. **Facilities provided** Microbiology lab., incubators, autoclaves, fermentors & large-scale industrial production units.
11. **Marketing facilities of farmer produce**. Dealers network, FPOs, Farmer groups & direct market linkages.
12. **Safety measure of rural marketing**. Product safety measures & Quality Control (QC)
13. **Pollution control measure of the industries**. Waste management & Eco-friendly production.

14. **A sample of Logbook Daily Record**
(Students are required to maintain following information in a register)

Weekly Report No. ....01.....**from**...10-Sep.....**to**....13-Sep.....

A.

Sl. No.	Nature of the work	What problem faced	What new skill learn	Are you satisfy with this visit, training	Whether you are able to star this able to star this business/work	Suggestion	Signature
1.	Lab. orientation	understanding equipment	Lab. safety & handling	Yes	with training	-	Devyani
2.	Media preparation	identifying diff. Media	Media prep.	Yes	Yes	-	Devyani
3.	sterilisation of Media	Maintain aseptic condn	Autoclave operation	Yes	yes	-	Devyani
4.	Prep. of microbial cultures	Avoiding contamination	Aseptic techniques	Yes	with training	More practice	Devyani
5.	serial dilution	Maintaining accuracy	saline soln prep.	yes	Yes	-	Devyani
6.	Microbial isolation & plating	obtain isolated colonies	streak, & pour plating	Yes	yes	-	Devyani
7.	Incubation & colony observation	Maintain incubation conditions	colony obs. & identify	Yes	Yes	-	Devyani

B.

Day of week	Date	Brief description of work performed	Hours
Monday			
Tuesday			
Wednesday			
Thursday	10-Sep.	Lab Orientation, NA, PDA, NB media prep.	7-8 hrs
Friday	11-Sep.	Autoclaving (121°c, 15 Psi), Saline prep, Serial dilution, Pour Plating	7-8 hrs
Saturday	12-Sep.	Incubation, CFU counting, streak plating, Slant maintain.	7-8 hrs
Monday	14-Sep.	Colony morphology, Gram Staining	7-8 hrs
Tuesday	15-Sep.	N-fixation screening on Jensen's agar	7-8 hrs
Wednesday	16-Sep.	P-Solubilisation on Pikovskaya's agar	7-8 hrs
Thursday	17-Sep.	K-Solubilisation on Aleksandrov agar	7-8 hrs
Friday	18-Sep.	Zn-Solubilisation on Bunt & Rovira agar	7-8 hrs
Saturday	19-Sep.	Solubilisation index cal., data tabulation	7-8 hrs
Monday	21-Sep.	Revival of ~~Fusarium~~ oxysporum on PDA	7-8 hrs
Tuesday	22-Sep.	Dual-Culture assay, 3 Replications	7-8 hrs
Wednesday	23-Sep.	Inhibition %, 4 antagonists selected	7-8 hrs
Thursday	24-Sep.	Trichoderma culture on PDA, spore suspension.	7-8 hrs
Friday	25-Sep.	Trichoderma mass multiplication.	7-8 hrs
Saturday	26-Sep.	Bacillus-Pseudomonas compatibility (cross-streak)	7-8 hrs

Day of week	Date	Brief description of work performed	Hours
Monday	28-sep.	Liquid biofertilizer formulation	7-8 hrs
Tuesday	29-sep.	carrier-based Powder biofertilizer (talc).	7-8 hrs
Wednesday	30-sep.	LAB growth in MRS broth, Yeast in YPD broth.	7-8 hrs
Thursday	1-Oct.	LAB-Bacillus-yeast consortium compatibility test.	7-8 hrs
Friday	2-Oct.	Molasses medium prep., fermentation	7-8 hrs
Saturday	3-Oct.	Consortium liquid & Powder formulation	7-8 hrs
Monday	5-Oct.	Biostimulant preparation	7-8 hrs
Tuesday	6-Oct.	Biostimulant preparation	7-8 hrs
Wednesday	7-Oct.	Qc testing: CFU count, pH, contami.	7-8 hrs
Thursday	8-Oct.	Shelf-life study, packaging of formulations	7-8 hrs
Friday	9-Oct.	Large-scale production unit visit	7-8 hrs
Saturday	10-Oct.	Labelling, FCO compliance,	7-8 hrs
Monday			
Tuesday			
Wednesday			
Thursday			
Friday			
Saturday			

15. S.W.O.T. Analysis

PART B (To be filled by On-Station Supervisor)

1. **Name of On-Station Training** ..Research & Development.....
2. **Supervisor** ..Ms. Ritu Kumari.....
3. **Position** ..Scientist.....

   (e.g. workshop manager, Production Manager, Quality Assurance Manager, Institute Director)
4. **Mobile phone** ...7897080132.....
5. **Email address**.....research@cloveorganic.com.....
6. **On-Station Supervisor's signature and stamp** .....Ritu Kumari.....

CLOVER ORGANIC PVT. LTD. DEHRADUN

Date: 10-Oct. 2026

CLOVER ORGANIC PVT. LTD. DEHRADUN

PRACTICAL /WORKING SKILLS

Please assign a grade between 0 and 6 to each one of the items 1 to 5 below *:

1. Place the grade in dotted lines for each item.
   i). Skills obtained .....6.....
   ii). Attitude to work .....6.....
   iii). Initiative and Independence .....5.....
   iv). Reliability .....6.....
   v). Adherence to working time ....6.....
2. Number of days the trainee was absent from work.....0.....
3. Reasons for absence .....-.....
4. Was the logbook submitted to you weekly for your comments and signature? Yes/No

PART 2: CHARACTER & SKILLS ASSESSMENT (Please tick whichever is applicable)

Sl. No.	Character/skill assessed	Outstanding	Above average	Average	Below average	Poor
	Ability to work in a team	✓				
	Trustworthiness and Reliability	✓				
	Adherence to Work ethics	✓				
	Ability to lead, motivate and resolve conflicts	✓				
	Ability to provide quality services without need for any inducements	✓				
	Ability to work in a team	✓				
	Trustworthiness and reliability	✓				

*5.1-6.0 Excellent, 4.1-5.0 Very good, 3.1-4.0 Good, 2.1-3.0 Satisfactory, <2.1 Fail

This form has to be sent by the student (through Email) immediately after arrival to Pantnagar

Date: 10.Oct.2026
